

HARFORD COUNTY GOVERNMENT

REQUEST FOR PROPOSAL NO.14-067

NETWORK MANGEMENT

ADDENDUM NO. 3

September 3, 2013

Ladies and Gentlemen:

The purpose of this addendum is to provide clarification(s) to all prospective offerors.

Question: Please provide additional details around ITEM 2.34 (see below) or an example of a non-unique address and the context in which the vendor would hide IP addresses.

2.34 Vendor will manage non-unique addresses to be used by Harford County and to hide IP addresses from potential attackers.

Answer: Both of these deal with protecting our network from outside hackers. We need to make sure that no non-unique IP addresses are used, because this could allow hackers to gain access to our network. Hiding IP addresses makes sure that only public facing IP addresses are accessible to the outside world.

Should you have any additional questions regarding this project, please do not hesitate to contact me at 410-638-3550 or srrappold@harfordcountymd.gov.

Sincerely,

A handwritten signature in blue ink that reads "Stacy Rappold".
